Writing Prompt: Favorite Words

Do you have a favorite word -- like "supercalifragilisticexpealidocious"? Or maybe "dumbwaiter", or "sycamore"? Or how about "etcetera", "zucchini", "noodle", "kumquat", "pickle", "aardvark", or "Walla Walla, Washington"? Now imagine that your favorite word does something for you each time you say it. Tell us your favorite word, and describe what it does -- what happens when you say it aloud.
