Something about an old-fashioned Christmas is hard to forget.

*~ Hugh Downs*

Journal Prompt: Christmas Memories

Think of all the senses that are involved with Christmas, from the lights, to the music, the baking and cooking, the crisp, cold snow and falling temperatures, the warmth of the hearth and fire, a stocking packed full of treasures, the feeling of family gathering around... Christmas appeals to sight, sounds, smells, touch, and taste -- as well as our memories. Describe some of your favorite Christmas or winter holiday memories.
