

"You miss 100 percent of the shots you never take."

—Wayne Gretzky

Journal Prompt: PERCENTAGES

Use the outline drawing below to imagine a person just like you. You are being filled up with adjectives, in different mixtures and percentages (rather like a graph.) How much of you is playful? One-third? What percent is serious? Anxious? Happy-go-lucky? Determined? Ambitious? You decide. Draw lines across the outline for different ways to describe yourself, in different amounts. You are not limited to the adjectives above!
