"Following the herd is a sure way to mediocrity."

- Patti Wilson

Journal Prompt: I'M FAMOUS!

If you could choose anything to be famous for, what would it be? Would you be a famous baseball player? The lead singer of a rock band? A billionaire? The first person to live on Mars? Write a short news article about your future famous self, for the New York Future Times! You can imagine someone interviewing you if you prefer, with a question and answer format.
