"We grow great by dreams. All big men are dreamers. They see things in the soft haze of a spring day or in the red fire of a long winter's evening. Some of us let these great dreams die, but others nourish and protect them; nurse them through bad days till they bring them to the sunshine and light which comes always to those who sincerely hope that their dreams will come true."

- Woodrow T. Wilson

Journal Prompt: Dreams of Our Own

Almost everyone has a dream of his or her own. Interview a classmate and find out what his/her dreams are, then let that person interview you.
