

EASTER EGG HUNT

Play this game like a memory or concentration game. Print out this page, and then cut each strip in half, creating your playing cards. Shuffle the cards and turn them over. Students will take turns drawing cards, attempting to remember where they are located so they can match them up. If they don't have a match, they must turn the cards back over. If they match, they get to keep the cards. When there are no cards left to be turned over, the player with the most cards in his or her stack wins.
